

**Cheatin' Spicy Jalapeno Ketchup** By Chrissie Owens on Wednesday, October 2, 2013 at 9:07am

This is truly one of those recipes that "cheat" as you don't peel anything or start truly from scratch with your ingredients.

Ready made ketchup

Jar of sliced jalapenos

Pour the ketchup into a blender or food processor and add jalapenos to taste, I usually add one 16oz jar sliced jalapenos per #10 can of ketchup. When it is is spicy enough for your tastebuds - pour into hot jars and seal with lids. Waterbath according to size jar used... I typically can it in pints so I waterbath for 10 minutes.
