

home made laundry soap By Peggy Stolfus on Wednesday, February 5, 2014 at 9:11am

~ This makes 12 Gallon of concentrate ~ ~ Btw, that's a full 128 loads of laundry!! ~

1 bar Fels Naptha (Yes, the ENTIRE Bar!)

1 cup 20 Mule Team Borax

1 cup Arm & Hammer Washing Soda (NOT BAKING SODA!!)

4 cups of hot water.

Great for HE machines as it as less residue and cleaner. Ingredients can be found in laundry aisle of a grocery store, hardware store or Walmart.
